**APPLICANT'S INTERVIEW SUMMARY AND**  
**RESPONSE TO THE OFFICE COMMUNICATION**  
**DATED APRIL 21, 2003**

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

In reply to the Interview Summary (PTO-413) of April 11, 2003 and the Office Communication of April 21, 2003, please consider the following remarks regarding the above-identified application:

In the personal interview, the four lens system was discussed as to its novelty. In addition, the restriction requirement was also discussed. While Applicant agreed to cancel all pending claims to the generic claims originally elected in order to expedite prosecution, Applicant maintains that the generic claims were properly elected and each of the generic claims should have been prosecuted had they not been cancelled for the purpose of expediting prosecution.

In the Office Communication dated April 21, 2003, it is noted that although claims 3, 7, 10 and 14 were withdrawn without further explanation, that such withdrawal was proper.

Applicant respectfully submits that such withdrawal would have been traversed if the agreement with the Examiner to expedite prosecution of this matter was not consummated. As such, Applicant requests to reserve the right of traversal as to the appropriateness of all of the election and restriction requirements.

### CONCLUSION

As stated in the Reply to the Office Action filed on April 29, 2003, Applicant respectfully requests that if the Examiner believes that any additional changes would place the application in better condition for allowance or may expedite prosecution of this matter, the Examiner please contact the undersigned attorney, **Laura L.
